November 30, 2016

Questions in reference to:
Request for Proposals for

Professional Services for RESTORE Act Direct Component Multi-Year Implementation Plan

1. Should respondents submit separate proposals for MYIP with a fee and one for engineering services without a fee, per 287.055 Florida Statutes?

That will be fine to submit separate proposals for the MYIP with a fee and one for engineering services without a fee.

2. Will firms who are chosen for this work be prohibited from conducting the engineering design or construction oversight projects that result from the MYIP plan?

No, firms will not be prohibited from conducting engineering design or construction oversight for projects resulting from the MYIP plan.

3. Will responses to questions be posted in advance of the December 13 question deadline?

I have not had any other questions. I will post this response to your questions along with the bid documents on our website. If we receive any other questions, they too will be posted.
